THE HYPE: END OF SEMESTER EDITION

SHARE YOUR DISCOVERIES WITH TOMORROW'S INNOVATORS! HONORS RESEARCH OUTREACH PROGRAM

Are you passionate about your research? Do you wish to inspire the next generation with the power of discovery? Here's an exciting opportunity to step beyond the campus and into the classroom!

We are inviting enthusiastic university students to present their innovative research at local high schools. This initiative aims to bridge the gap between higher education and secondary schooling, sparking curiosity and fostering a culture of learning and inquiry among high school students.

Key details:

150 word extract about research required

Link to apply: [click here](#) :)

FEATURED RESTAURANT

Enjoy the start of your fall at Little Bear, an Atlanta-based Michelin restaurant with the best ambiance in the city! Soups, sweets, and snacks for days—step right up to this quaint cafe and have an experience you'll never forget!

THE HYPE: SEPTEMBER EDITION

OFFICE OF EXPERIENTIAL AND ENGAGED LEARNING

Are you looking for hands-on opportunities to complement your academic work and gain real-world experience? The Office of Experiential and Engaged Learning (E2L) offers just that! E2L combines Georgia Tech's best "learning by doing" programs, creating pathways for students to take their education beyond the classroom. Whether you're a first-year, transfer, or upper-level student, E2L provides go-to, high-impact experiences that shape your academic and personal journey.

1. [Undergraduate Research](#): ignites critical thinking and creativity. It sharpens your skills in asking the right questions, finding precise solutions, and transforming the messy, abstract ideas from a lab notebook into clear, compelling insights.

2. [Student Innovation](#): organizes and oversees programs and competitions designed to foster student innovation. Their mission is to expand Georgia Tech's innovation ecosystem while building connections to the broader startup community.

3. [Transition Seminars](#): GT 1000 (first-years) and GT 2000 (transfers) are one-credit, letter-graded seminars available each semester. Both are dedicated to helping new Georgia Tech students navigate their transition and make the most of their experience.

4. [Co-ops & Internships](#): bridge the gap between classroom learning and real-world application, providing practical, major-related work experience in alternating or a singular semester.

5. [iGniTe Program](#): Kickstart your Georgia Tech journey by joining the iGniTe First Year Summer Launch Program, where you can get ahead on classes, explore campus, and make new friends before the fall semester begins.

6. [Community-Based Learning](#): fuses classroom instruction with real-world community involvement, encouraging active engagement, collaboration, and the practical application of knowledge while fostering civic responsibility.
